# Coming Monday, June 16: Aetna Small Group Quoting & Renewal System enhancements

**Register here** for Producer World

We are always looking for ways to make it easier for you to do business with us. In keeping with that, we have recently enhanced our Aetna Small Group Quoting & Renewal System (QRS), improving some of the screens and functionality. Benefits of our latest enhancement include:

- Faster performance
- Updated, easy-to-navigate screens
- A look and feel that aligns with **www.aetna.com**
- New features, such as the ability to compare two to three plans at a time
- Multiple filters that allow you to view and compare aspects of plans that most interest you

## Help with updated navigation and functions

We believe we have made the navigation easier to use, but it is different from what you might be accustomed to. You will find a link to a **user guide** on Producer World® and on the navigation bar on QRS. We designed the **user guide** to help you with your initial experience with the enhancements, and it gives an overview of the new functionality.

You can also call your Aetna sales representative for additional information.
