O.C.A. Benefit Services LLC

Your Prescription to a Healthier Bottom Line

Update: HRAs and Health Care Reform Fees...

O.C.A. has issued the PCORI fee calculation report to all applicable HRA groups.

The report was mailed via USPS to the employer address listed on file. An email was also sent to each applicable employer notifying them that the report is available for viewing on the employer myrsc portal (www.myrsc.com).

Remember, since O.C.A. cannot pay this fee on behalf of the employer, the report O.C.A. issued is simply a report that provides what amount is owed to the United States Treasury by this July 31st. It is the employer's responsibility to issue the payment to the United States Treasury Department, not O.C.A..

Reminder: Employers offering the HRA are responsible for paying the PCORI fee.

This fee is due by July 31st. The fee must be remitted using IRS Form 720, the Quarterly Federal Excise Tax Return. Please keep in mind that while IRS Form 720 is a quarterly tax filing form, this particular fee is for your HRA plan that ended in 2014. Each employer will have to complete IRS Form 720 and remit the calculated fee payable to the **United States Treasury.**

Click here to complete the IRS Form 720

Important: HRA groups with a 2015 plan end date will not have to pay the PCORI fee until July 31st 2016.

If you have any questions, please contact O.C.A. directly at 609-514-0777.

Sincerely,

Staff at O.C.A. Benefit Services
