

Applies to: Commercial Fully Insured, Self-Insured and Medicare Advantage Business

Program Implementation Delayed: TurningPoint Surgical and Implantable Device Management Program for Spine Services

We are delaying the previously announced **February 1, 2022** expansion of our Surgical and Implantable Device Management Program to include Spine Services for Horizon's commercial and Medicare Advantage plans, including Braven HealthSM.

The new effective date of this program expansion is **April 1, 2022**.

eviCore healthcare will continue to review prior authorization/medical necessity determination (PA/MND) requests until further notice.

If you have questions, please contact your Horizon sales executive or account manager.
