AmeriHealth New Jersey to report 1095 info directly to New Jersey

Annually in January, AmeriHealth New Jersey mails 1095-B forms that verify health care coverage to applicable subscribers. To comply with a recent New Jersey mandate effective for the 2019 tax year, required 1095-A and 1095-B information for subscribers that are New Jersey residents will be shared directly with the state's Division of Taxation. We will include AmeriHealth New Jersey subscribers with an NJ address during any month of 2019 as well as information required for subscribers' dependents.

The new mandate, referred to as the Shared Responsibility Requirement, amends the New Jersey Health Insurance Market Preservation Act to require third-party reporting to verify health coverage information supplied by individual payers of New Jersey's income tax.

AmeriHealth New Jersey will provide the required 1095-A and 1095-B data to the state no later than the March 31, 2020 deadline.

The official State of New Jersey website provides additional information about the [New Jersey mandate](#).

Please be aware that there are three versions of 1095 forms: A, B, and C. 1095-Bs are provided by insurers, while 1095-As are sent by the federal government to purchasers of insurance through the federal marketplace, and 1095-Cs are sent by self-funded groups to subscribers in their health plans.

More information on 1095 forms is available on our [member resource page](#). The forms are also available to AmeriHealth New Jersey members in our member portal.
