## AmeriHealth Advantage plans now available

[View online](#)  
[Forward to a friend](#)

AmeriHealth New Jersey is pleased to announce, our AmeriHealth Advantage plans are now available for purchase in the consumer, small group and large group market segments. Along with our highly successful Community Advantage product, AmeriHealth Advantage is yet another example of how we continue to provide our members with affordable plan options.

Meridian Health is the featured Tier 1 provider in the AmeriHealth Advantage network. Members will have access to Meridian's five hospitals, hundreds of physicians and diverse health care services throughout Monmouth and Ocean counties.

Created to be mindful of budgets and provide more choice, the AmeriHealth Advantage plan aims to achieve these key goals:

- Provide members in the applicable purchasing area with an even more cost-effective product than our Value Network.
- Provide members with lower cost-share when using Tier-1 providers, while still allowing members to utilize a larger statewide Local Value Network Tier-2 at a higher cost-share.
- Encourage collaboration and care coordination across the delivery systems among the hospitals, specialists, and primary care physicians.

To learn more about AmeriHealth Advantage products, please visit [amerihealthnj.com](http://amerihealthnj.com).

If you have any questions, please contact your AmeriHealth New Jersey broker representative.

---

Members with Community Advantage or AmeriHealth Advantage plans can obtain services at the Tier 1 level in Atlantic, Burlington, Camden, Cape May, Gloucester, Monmouth, and Ocean Counties. Tier 2 providers are AmeriHealth New Jersey Local Value network providers.
