Important information about your group customers and certain Medicare-eligible members

We are writing to let you know that we will be contacting your group customers to communicate the Medicare Exclusion for Part B and application of this exclusion to their benefit plan.

What is the Medicare Exclusion for Part B?

The Medicare Exclusion for Part B applies to members for whom Medicare would be the primary payer for Part B, but they have not elected to enroll. These members will be responsible for paying their doctor or other medical professional the amount Medicare Part B would have paid and any applicable copayments, coinsurance, and deductibles. In turn, their group health benefit plan will only pay the remaining balance on claims submitted as if the member had enrolled in Medicare Part B.

We will also be contacting these members to inform them of the Medicare Exclusion for Part B and the steps they need to take to maximize their health plan benefits and minimize their expenses by enrolling in Medicare Part B.

If you have any questions with regards to this letter, please contact your AmeriHealth New Jersey broker representative.
