January 2015 small group renewal update

[View online](#)
[Forward to a friend](#)

PLEASE BE ADVISED: A number of AmeriHealth New Jersey January 2015 small group (SEH) renewals were distributed to group customers between October 27 and October 29 containing inaccurate information.

For some customers certain benefit description details were incorrect but renewal rates and other vital renewal information was correct and has not changed. Impacted SEH groups will receive updated 2015 benefit description information within the next few days. This is a link to the [cover sheet](#) of the updated documents.

Impacted January groups are **now** displaying updated plan descriptions in ROAM.

If you have any further questions, please contact your AmeriHealth New Jersey broker representative.
