## Updates to AmeriHealth New Jersey's Commit2Wellness® program

In our continued efforts to best support our members' commitment to making healthy lifestyle choices, AmeriHealth New Jersey recently reviewed the present Commit2Wellness program. As a result, we are updating the ways we manage the Commit2Wellness program.

### Verification required for activity reporting

Self-reporting will no longer be accepted for all activities and members will be required to submit an Activity Verification Form, along with supporting documentation, in order to be eligible to redeem Wellness Dollars for a gift card. The Activity Verification Form will soon be available on [amerihealthnj.com/wellness](http://amerihealthnj.com/wellness).

### Gift card redemption

The list of available gift cards has been updated and will be posted on [amerihealthnj.com/wellness](http://amerihealthnj.com/wellness). In an effort to streamline the delivery process, all gift cards are offered in electronic form going forward. Plastic gift cards are no longer available.

### Communications to members

Members who currently utilize our Commit2Wellness program will receive email and text notifications regarding the updates to the program. A message will also be posted on the [amerihealthexpress.com](http://amerihealthexpress.com) member portal, along with updated content on our public site – [amerihealthnj.com/wellness](http://amerihealthnj.com/wellness).

AmeriHealth New Jersey is committed to enhancing the health and well-being of the people and communities we serve. The Commit2Wellness program was designed to help our members achieve their wellness goals. We believe the program will continue to motivate our members to achieve those goals.

Please be advised that we will be releasing further information to you on the updates to the Commit2Wellness program in the coming days.

If you have any questions, please contact your AmeriHealth New Jersey broker representative.
