

We're ready for employer reporting - are you?

We've been talking about it for over a year now, and in just a few months the 1094's and 1095s will become due. Are you prepared to help your clients?

Standalone Reporting and Fully-Integrated Payroll Solutions

Benefit Tax Link is proud to offer solutions for Applicable Large Employers (ALEs), from a standalone reporting tool which integrates the data from your current payroll provider, to a fully-integrated payroll and HRIS platform that will automate the reporting this year and in the future.

Standalone Reporting Advantages:

- Integrates with any payroll system
- Prepares forms for distribution and filing
- Batch Process 1094-C and 1095-C

Fully-Integrated Advantages:

- Automates VHE Tracking
- Automates Initial and Ongoing Measurement and Stability Periods
- Automates offers of coverage
- Automates 1094-C and 1095-C preparation
- Includes HRIS, with Performance Management, Applicant Tracking, Benefits Administration and more!
- Includes Time and Labor Management to manage scheduling, PTO, FMLA, and more!
- Includes employee intranet, total compensation statements, and more!
- Requires the least amount of ongoing effort from the employer and/or broker.

The time to act is now!

While the reports are not due until early next year, the time to gather the data, make a decision, and select a vendor is now. We anticipate having to restrict new employers at some point later in the year due to volume, as many other vendors have indicated they have done or will do. Reach out to your Benefit Tax Link representative today to begin your path to compliance.
