Health Care Reform: Conquer the Challenges of 2016 Requirements

From the embedded individual out-of-pocket maximum rules to the IRS reporting requirements, there are a number of high-profile Affordable Care Act (ACA) requirements taking effect in 2016.

While there are many common points of confusion with these regulatory changes, each will have varied impacts on employers.

Please join us on Thursday, October 22 from 2:00 – 3:00 p.m. ET for a complimentary Health Care Reform web meeting as we review the new rules coming in 2016.

During the web meeting, we will:

- Provide an update on key new 2016 regulations
- Outline various impacts and basic compliance considerations for these requirements
- Walk through the process and forms employers need to complete for the new IRS reporting requirements – we will explain what employers should be doing now and outline next steps

As always, there will be plenty of time to answer your questions – and to be sure we address your most pressing concerns, we're offering you the opportunity to submit questions in advance when you register.

Join us for a live, interactive webinar on:
