

Agents & Brokers: Selling in the Marketplace

HealthCare.gov

Continue Earning Commissions

Open Enrollment has ended for the Individual Marketplace, but the SHOP Marketplace, which provides coverage to small businesses and non-profit organizations, is open year-round!

Registering to sell SHOP Marketplace coverage is as simple as signing the SHOP Marketplace Privacy and Security Agreement. Once you've registered, your contact information can be listed on the [Find Local Help tool](#) so small business employers looking for enrollment help can find you.

Explore [HealthCare.gov/small-business](https://www.healthcare.gov/small-business) today to learn more about the SHOP Marketplace.
