Horizon Dental Option Plan (DOP)

One of our most popular products, the Horizon Dental Option Plan offers:

- Ways to save money without reducing employee benefits.
- The freedom to receive dental services from any dentist. By choosing dentists who participate with the Horizon Dental Option Plan, your employees can maximize their benefits while reducing out-of-pocket costs. Discounts off participating dentists' charges range between 10 and 30 percent.
- The option of selecting from over 115,000 participating dental offices nationwide. With any choice they make, there's always a dental benefit and they are always covered for eligible services because of the plan's out-of-network benefit. Members may go to a nonparticipating dentist and may have to pay the dentist his/her usual fees in advance. Members must then file claims for reimbursement, which is based on our reduced allowances. Members are responsible for any charges in excess of these amounts.
- Access to a national network, coverage for out-of-network Major Services, higher network reimbursement and much more.

Horizon Dental PPO Plan

- In Network: The Horizon Dental PPO Plan, a Preferred Provider Organization Plan, offers the lowest fees available to our customers through our Horizon Dental PPO Network of participating dentists. These dentists accept our reduced allowances as payment-in-full, less any applicable deductibles and/or coinsurance.
- Out of Network: Members may go to a nonparticipating dentist and may have to pay the dentist his/her usual fees in advance. Members must then file claims for reimbursement, which is based on our reduced allowances. Members are responsible for any charges in excess of these amounts.
