

Good Morning,

We are excited to announce that MetLife Legal Plans will be launching a new improved website experience this August. The updated website, www.legalplans.com, provides a new, modern experience for members, guiding them to the information they need and providing new tools for their legal matters.

Some new features of the website:

- **Modern look and feel** – Completely redesigned website makes it easier for employees to learn about and get the most out of their legal plan benefits.
- **Simplified login** – Employees can access legal plan benefits using an email address and password, eliminating the need to remember a membership number or provide social security information.
- **Online self-service** – From purchasing a first home to disputing a traffic ticket, employees get the legal help they need from our network of over 18,000 attorneys with just a few clicks.
- **Digital estate planning** – Employees get step-by-step guidance to create wills, advance healthcare directives, powers of attorney, trusts, and deeds online in as little as 15 minutes.
- **Mobile-optimized design** – Full access to the entire online experience from any web-enabled mobile device without the need to download a mobile application.

If you have any questions about our website changes or would like to see a demo, please reach out to your account executive.

As always, we thank you for your continued partnership. Please let us know if there is anything we can do to help with the legal plan or other benefits.

Thank you,
MetLife
