What will it take for your clients — and their employees — to thrive in the new work-life world? MetLife's latest U.S. Employee Benefit Trends Study takes a deep dive look into what employers and employees are thinking. Some things may surprise you.

Join the September 19th webcast to explore:

- latest research, including a first look at small business-focused insights
- impact of generational differences and the gig economy on how we work
- implications for your clients' benefits strategies
