

COVID-19 at-home tests

Good news! Starting this week, if you already ordered 4 free at-home COVID-19 tests from [COVIDtests.gov](https://www.covidtests.gov), **now you can get 4 more free at-home tests shipped to your home.**

Visit [COVIDtests.gov](https://www.covidtests.gov) again to place your second order. As before, just enter your name and mailing address (you can also give your email address if you want status updates on your order).

If you haven't yet ordered any at-home tests, you can get a total of 8 tests shipped to your home. You'll just have to place **2 separate orders** — each order equals 4 tests.

[Order Now](#)

At-home tests, or "self tests," give rapid results and can be taken anywhere, regardless of your vaccination status or whether or not you have symptoms. [Visit CDC.gov](https://www.cdc.gov) to learn when to test yourself, how to use an at-home test, and what your test results mean.

Sincerely,

The Medicare Team
