

Employer Reporting Forms

It's tax time! What is already a stressful time of year will be further complicated this year due to some changes in the process necessitated by the ACA.

Employers and carriers are not required to report for 2014. Those reports will be due early 2016 reporting on coverage offered and purchased during 2015. However, the Marketplace will be sending reports out this year reporting on coverage in 2014.

We have held many in person seminars on the topic of reporting around the state in January. In case you missed it (or want a refresher!), please join us at one of the upcoming webinars on this topic.
