

MARTIN

INSURANCE GROUP

MIG Self-Funded Carrier Panel

Self-funded products have been gaining greater market share in the 2-100 market over the last few years. The deal has been sweetened due to increased regulation in the fully-insured market and new products designed to mitigate risk for the employer. These new products can be very effective but it is important to understand how they compare to traditional fully-insured options.

To help you sort out the differences and identify the opportunities, please join us for a panel discussion with carriers participating in this market. Our panel, consisting of CIGNA, Nippon Life Benefits, Magnacare, UHC All Savers, and National General, will address a variety of topics including products, benefits, mandates, contract provisions, and more!

The panel will be moderated by Chris Pang, Large Group Consultant at Martin Insurance Group.

Thank you to our carrier panel!
