

Claim your future.

NEW Benefits for your Policyholders

In 2017, Bankers Fidelity asked your policyholders to participate in a survey to gain more insight on the values they wish to see in a carrier. They asked, we listened.

We are excited to announce the launch of new Loyalty Programs for our active policyholders:

- Active&Fit™ Direct
- Dental and Vision discount plans
- Medicare devices through Savers Alert
- USA Managed Care Organization
- Prescription discount cards through MedImpact

To learn more information on each of our loyalty programs offered to your policyholders, view and download our one-sheeter by clicking below.

With the implementation of these new programs, we felt it was an optimal time to redesign the Policyholder Portal. The Policyholder Portal now has an updated aesthetic, housing educational and lifestyle content, web forms, policy and claims management, and loyalty program enrollments for our your policyholders. Claims has also worked diligently to update our

Explanation of Benefits, which are now easier to read and easily accessible through the portal.

In addition, we have recently updated our ID cards, sent to Medicare Supplement policyholders only, and brought the printing process in-house, making ID card delivery more efficient and timely.

Bankers Fidelity policyholders can learn more about our enhancements and enroll in the programs above by logging into their Policyholder Portal at www.bankersfidelity.com.
