

# Agents & Brokers: Selling in the Marketplace

HealthCare.gov

## Open Enrollment Starts TODAY!

From now until December 15, consumers can enroll in health and/or dental coverage through the Marketplace. Learn about the different methods for helping consumers enroll, including the Direct Enrollment pathways, by [clicking here](#).

Remember, agents and brokers must register **each year** to assist clients with Marketplace enrollments. If you haven't completed your Marketplace registration and training for plan year 2018, get started today by logging in to the [CMS Enterprise Portal](#).

Thank you for getting consumers covered!
