

Oxford Garden State Network Webinars

Oxford recently released information on their new Garden State Plans and networks that will be effective for 9/1 groups.

In partnership with Oxford, we are hosting an exclusive webinar on these new products, hosted by Chuck Cerniglia, Vice President of Small Business Sales and Account Management of United Healthcare NJ.

Key topics that will be covered include:

- The **Oxford Garden State Network**, a new network option made up entirely of doctors and hospitals in New Jersey. This network is the backbone of some of our most affordable plan design offerings yet, making it as convenient for New Jersey employers as it is for their employees.
- Update on New Jersey small group (1-50) products and pricing
- New Jersey transitional plans
- Overview of Specialty Benefits

Thursday, August 21st
10 AM
