

Preferred Partnership

Think **BIG** for small group solutions.

Protect your business and differentiate yourself with benefitsCONNECT®, the leading provider of web-based benefits administration solutions -- designed with brokers in mind.

Streamline and simplify benefits enrollment, administration and compliance with our flagship product, bCEnroll. Perfect for groups under 100, this scalable solution integrates with ACA Manager, an ACA compliance solution designed to help mitigate risks and safeguard employers from costly penalties. NAHU members receive 50 percent off bCEnroll installation, discounted access fees and free ACAManager.

Get compliant. At no cost.

ACAManager is a large-scale ACA compliance solution to assist brokers and their employer groups. Regulate your clients' business as well as manage, track, fulfill annual reporting (1094 & 1095), determine full-time employee equivalency and benefit eligibility. The system is also available on a stand-alone basis and is still offered at NO COST to NAHU members.

Turn on ACAManager Today

ACAManager unites comprehensive benefits administration technology with a compliance solution. This system integration is a value-add that allows brokers to truly maintain data integrity and accuracy.
