Broker Seminar

HOW TO BECOME A SMALL BUSINESS MAJORITY TRUSTED BROKER

The **New Jersey Association of Health Underwriters (NJAHU)** and **Small Business Majority** are partnering to provide local brokers with the opportunity to be a Trusted Broker through Small Business Majority's new program.

In order to help more small businesses across the state enroll in affordable and comprehensive coverage, we need the support of trusted insurance brokers. Your in-depth understanding of specific insurance plans and long-standing industry expertise is why we are putting together a Trusted Broker program. The Trusted Brokers list will connect brokers with small business owners who want to enroll in coverage through the new individual and small business health insurance marketplaces.

Topics to be discussed:

- Overview of the Affordable Care Act
- Broker Engagement and Knowledge
- Trusted Broker Directory
- Review of the SHOP Marketplace
- Find out how you can get on the broker directory at no-cost.

RSVP: Aixa Acevedo at acevedo@smallbusinessmajority.org or (646) 801-9489.
