What's in the news...

New Jersey Commuter Law, OCA/Employee Navigator Partnership, and more...

Based on your feedback, OCA will be sending out periodical "what's in the news" email blasts to keep our partners and clients up to date on what's happening at OCA. Today we wanted to highlight the New Jersey commuter law requirements and OCA's discounted commuter administrative pricing, OCA's new partnership with Employee Navigator, as well as some new and exciting engagement tools we're launching to help improve our clients experience.

NJ Commuter Law

With the new commuter law impacting New Jersey employers with 20 or more employees, OCA will be offering discounted fees for our commuter administrative services. To help existing HRA/FSA clients OCA will add the commuter benefit for just a one-time \$100 amendment fee. No additional fees apply! For new OCA clients, OCA will be offering discounted pricing of just **\$1.50 per enrolled per month** + \$200 annual fee! This special rate applies to all NJ/NY/PA based employers and will apply to all new group Commuter applications submitted by December 31, 2019. [To learn more click here.](#)

Improving Our Client Experiences

Over the past several months OCA has made significant strides in providing the highest level of service to our clients. Earlier this month we rolled out our **online chat feature** as an alternative option for our clients to communicate with OCA's member service team. We've also created levels of accountability that allows our team to be empowered with new tools and resources that will help our clients receive first call resolution to their questions and inquiries. OCA's **dedicated Broker Service Department**, lead by Chrissy Hibbs, continues to be your daily point of contact in support of your needs.
