

Last week, we shared New York 2018/2019 applications and our one-pager explaining the 2018/2019 process on our [broker forms page](#). We also posted our Q1 New York small group rates on our [plans & network page](#).

Today, we're excited to share that we've added a 2019 network one pager to the [plans & network page](#) and our newest providers to our [provider search tool](#)! We'll continue to add additional providers this week so make sure to visit and see who is included in our 2019 networks.

Also, our 2019 plans are now available for quoting on HealthConnect! Stay tuned for more information and materials about our plans and networks.
