

We know that it's a busy time of year for you. That's why we're using our superior technology to make your life easier. Here's how:

- **Seamless and integrated enrollment.** Enroll any client directly through your [Oscar Broker account](#). This year, we've partnered with healthcare.gov, so **you can now enroll your on-exchange clients directly through Oscar.** (Note that this does not include state-based exchanges, such as NY, CA, or CO.)
- **Binder payments made easy.** New for this year, you can submit payments both at the time of enrollment and post-enrollment. Learn more with our [binder payments one-pager](#).
- **A dedicated Care Team for every member.** With [Concierge](#), every Oscar member gets a team of care guides and a nurse. They can help with billing issues, questions on prior authorizations, finding local and high-quality care, and more. Concierge can help take care of customer service so you can focus on growing your business—it's what we do best.
 - We also have Spanish-speaking Concierge teams. [Watch our video](#) to learn more.
