### **Expanded Oxford Garden State Network Access** Beginning Jan. 1, 2018

We are always looking for ways to provide options that work well for you and your clients. Sometimes, the way to do that is to make one of our popular offerings even better.

We're pleased to announce that we will be expanding the Oxford Garden State Network to include access to physicians and hospitals that participate with the Oxford Metro Network<sup>SM</sup> in New York.

#### **Timing.**

New and existing Garden State Network members will be able to receive in-network care from Metro Network physicians on Jan. 1, 2018.

#### **More than double the provider access.**

You already know that the Garden State Network offers easy, no-tiered access to more than 22,000 doctors and 62 hospitals<sup>1</sup> throughout New Jersey. Enhancing the Garden State Network with the Metro Network allows your employees to receive care from an additional 28,000 physicians and 76 hospitals<sup>1</sup> in the Oxford New York service area.<sup>2</sup>

#### **How to find a participating provider.**

To help provide easier access to available New York doctors and hospitals, current or prospective Garden State Network members can find a participating New York physician or hospital within the Garden State Network online search tool. We've included the search steps below as a reminder.
