Reminder: Get Certified to Sell 2015 Plans on the Federally-Facilitated Marketplace

We recently sent you a communication encouraging you to become certified to sell health insurance products through the Federally-Facilitated Marketplace (FFM). You must be certified for 2015 in order to be able to offer "On-Exchange" plans to your clients.

Getting Certified

The federal government requires brokers to be certified prior to helping customers enroll in health insurance plans through the FFM. Any carrier you do business with will need a copy of this certification to verify that you are certified and to pay you commissions for the business you submit. As a reminder, in order to be certified to sell through the FFM you must:

- Begin the certification process here:
<https://marketplace.medicarelearningnetworklms.com>.
- Email us your Individual Marketplace Curriculum Certificate at the email address certification@Unitedhealthone.com as soon as you have it available. We need proof of your certification for you to be allowed to quote UnitedHealthcare on-exchange plans.

Getting Appointed

To sell our New Jersey Individual Marketplace plan designs that are available through the FFM, you must be appointed with Oxford. Our Individual Marketplace appointments are managed by one of UnitedHealthcare's family of companies branded UnitedHealthOne. Please complete the application (link below) and return it to getappointed@UnitedHealthone.com. You may also fax the completed form to 317-297-2077. Be sure to select the General Agency you are affiliated with before submitting your form.
