Changes to the 2019 Oxford New Jersey Small Group Portfolio

Upon further review of the 2019 Oxford New Jersey small group (1-50) portfolio, our New Jersey health plan leadership has decided not to implement some of the changes that were previously communicated to the market. We have elected to allow a number of modifications that are favorable to the client to remain in our plan designs for 2019 and to forego some changes we outlined initially.

The good news is your Oxford New Jersey small group (1-50) clients will retain the more favorable of the new benefits at the same premium rate originally provided.

We will be sending notices to employers who already received a 2019 renewal package informing them of this decision. The enclosed **comparison chart** will be included, which represents only the plan changes from what we previously communicated in the Uniform Modification section of their 2019 renewal package. In addition, any impacted policy documents will be corrected and reissued to your clients.

We have also enclosed an **Amended 2019 Oxford New Jersey Small Group Product Portfolio**, which provides more details on the 2019 New Jersey small group plan designs changes for your reference. We are working to provide you with an updated product grid that will include our complete product offerings for 2019.

If you have any questions about this or a particular Oxford plan, please contact your Oxford sales representative. We're looking forward to another year of serving you and your clients.
