Important Network Information

January 2, 2019

CityMD Remains Participating

We are pleased to announce that UnitedHealthcare has reached a new agreement with CityMD.

Members may continue to use CityMD on an in-network basis, with no disruption in care. Samples of the letters we're sending to impacted members who got our earlier notice about the potential network disruption are included below for your reference.

Our responsibility and commitment to our members is to balance affordability and access. As such, we will continue to advocate on their behalf in future negotiations to ensure that we deliver access to affordable health care services.
