Pharmacy Network Change for Oxford Garden State Network

Effective Jan. 1, 2019

We're always looking for ways to make our health plan options more cost-effective for you and your clients, which makes us happy to announce we'll be changing the pharmacy access for the Oxford Garden State Network to the OptumRx Value Pharmacy Network.

What this means for your clients and their employees.

To help manage costs, the OptumRx Value Pharmacy Network allows access to select pharmacies, including major chains like Walgreens, Rite-Aid[®], and Walmart, as well as mass merchants and supermarkets.

Timing.

On Jan. 1, 2019, all new and existing Garden State Network members will only have access to the OptumRx Value Pharmacy Network.

How to find a participating pharmacy.

Current or prospective Oxford Garden State Network members can search for a participating pharmacy on the **oxfordhealth.com** Member website:

- 1. Under Messages, select "Pharmacy Locations for Oxford Members."
- 2. On the next screen, select "OptumRx Value Pharmacy Network Search."
- 3. Complete the search criteria on the next page and select "Search."

How we're communicating this change.

We will be sending letters to your clients and their employees about this change. Copies are included below for your reference.

- Employer Communication
- Member Communication

Questions?

Please contact your Account Executive or General Agent with any questions about this change.
